# MANCHURIAN CRABAPPLE

*Medium*

Haykin Family Cider is an award-winning small batch cidery focused on Colorado apples. With tiny bubbles, they produce a sparkling wine-like cider in a variety of sweetness levels. Elevating the apple like wineries treat grapes, they highlight the flavor and complexity of interesting and unique apples. Haykin Family Cider uses only apples and yeast in their ciders, no additives, no gimmicks, just good.

## Manchurian Crabapple Blend

- CiderView Orchards, WA -

This tiny apple originates from Northern Asia and is usually overlooked - it is used as an orchard pollinator but rarely for anything else. We believe this tiny fruit is exceptional and we showcase its strong tannin, lasting acidity and beautiful flavors ranging from pear to yellow stone fruit.

60% Manchurian Crabapples from CiderView Orchards in Yakima, WA and 40% Colorado grown Gala apples.
